“My garden is my most beautiful masterpiece.”

Monet’s Garden is a stunning exhibition devoted to Claude Monet’s iconic garden at Giverny. Renowned as the ‘father of French Impressionism’, Monet was inspired by his direct experiences of nature, culminating in the ravishing depictions of his lily and flower gardens in the rural property at Giverny, northern France, that became his lifelong obsession. Step into the extraordinary this winter for a once-in-a-lifetime opportunity to see these masterpieces in Australia, exclusive to Melbourne.
